

Accessing supply chains of high value projects in Asia - Thursday 12 May 2011, 13.00 - 18.30, London

This is a [key UKTI event](#) concentrating on supply chain opportunities in the increasing number of major projects taking place throughout Asia. UKTI has undertaken extensive research to compile and verify major project opportunities in Asia for UK companies, with specific reference to supply chain prospects. British Ambassadors and UKTI Specialists are now ready to share this information with you. If your company is looking to learn how to capitalise on the raft of major projects appearing across Asia then this is the event for you.

[Register](#) here to attend this Asia Task Force event on Thursday, 12 May at the 1VS Westminster Conference Centre, London covering the following 12 commercially important Asian markets:

China, India, Indonesia, Japan, Malaysia Philippines, Singapore, South Korea, Hong Kong, Taiwan, Thailand and Vietnam

By attending you will:

- Meet British Ambassadors & High Commissioners from each of the 12 featured markets
- Learn about specific high value projects and the opportunities they present to British companies
- Network with fellow delegates, British Ambassadors and High Commissioners from Asia, UK Trade & Investment's high value project specialists and International Trade Advisors.

This combination of presentations, clinics and networking sessions will ensure that you are much better prepared for tackling these exciting markets.

Places are limited so please [book today](#) to guarantee your place and to benefit from the 20% early bird discount.

Looking forward to seeing you there!
