

Meet the Buyer Aerospace, Airport and Homeland Security Tuesday 18 January 2011, Emirates Stadium London

The USA and India represent key growth markets for the Aerospace, Airport and Homeland Security sectors offering validated opportunities for UK businesses to set up partnerships, joint ventures and share technology transfer with the private sector.

To provide a unique platform to facilitate these partnerships, UK Trade & Investment South East (UKTI), UKTI Defence and Security Organisation (UKTI DSO), the Security Innovation & Technology Consortium (SITC) along with Farnborough Aerospace Consortium (FAC) are running a "Meet the Buyer" event specifically for these sectors. The event will bring together **50 key decision makers** from the private sector **keen to meet UK suppliers and form commercial relationships over three continents.**

Buyers and suppliers will be matched by capability and requirement; suppliers can pre-book individual 40 minute meetings.

Benefits of attending include:

- A buyer exposition;
- The chance to build business relationships with **high profile buyers** with a genuine interest in partnering **UK aerospace and security companies and introducing their products and services** in the market;
- The option to **book additional meetings** on the day (subject to availability);
- The opportunity to **network** with likeminded businesses;
- The option to attend interactive workshops on related subjects.

Who are the Buyers?

The Buyers are representatives (MDs/CEOs) from the private sector. Identities and profiles will be sent to participating companies shortly after registration.

Who should attend?

UK suppliers with the following capabilities:

Aerospace & Airports:

Airline products and services - MRO (Maintenance Repair & Overhaul), designs & approvals, pilot/crew simulation

Aerospace manufacturing - Composite materials, machined parts & components

Airport – Products & Services - Airport project management

Homeland security: Security Integration into SMART buildings (Wireless Sensor networks, 1st Responder Systems). Aviation passenger screening, multi-sensor imaging and stand-off detection, unauthorized intrusion detection, Cyber security, Biometrics/Access Control, C2.

Cost – This event will cost £125 per company (maximum of two delegates per company). **Book your place by Monday 1st November to receive an early booking discount of £25.**

Please register your interest in this event as soon as possible:
